The Cincinnati Art Museum strives for inclusivity by increasing accessibility to its collection, programming, and resources. The museum seeks to eliminate barriers by accommodating the individual needs of all visitors.

Use this guide as a supplement to the general visitor guide to help find sensory friendly spaces throughout the museum. This guide is useful if you need large print or to find seating areas, quiet spaces or naturally lit areas of the museum.

Visit the Visitor Services desk if you need to borrow sensory headphones or fidgets. Additional accessibility tools are available at this desk, including wheelchairs and strollers.

Visit cincinnatiartmuseum.org/access to learn about programs for people who have disabilities.

Contact access@cincyart.org with feedback or questions about accessibility at the Cincinnati Art Museum.

**Museum Rules**

Let’s learn about the rules. Here is what we need to remember.

- Keep hands at sides. Do not touch the artwork, the walls, or the cases.
- Use a quiet voice, not a loud voice.
- Listen to gallery attendants and follow instructions.
- Walk slowly; don’t run in the galleries.
- Stay with our group.
- Do not eat or drink in the galleries.
- Only use pencils and paper in the galleries.
- Let the guard look in our bag; some bags need to stay in the coat room; we will pick up our bag when we leave.
- Do not take photographs when we see this icon.
What will we do at the museum today?
Check off each item that you completed.
